Electric Stand

This is a single motor electric lifting frame work, the table with the sloped leg and foot ,table leg design for down & up ,set level 2 lifting column, 445mm / 30 s, load capacity up to 80 kg, Adjustable height is 700mm-1145mm, you can choose the height arbitrarily, the lifting frame has very high stability and low noise level, Healthy body, Starting from the Waltz!

Specifications

Operation : Key

Memory : 4 memory

Overload Protection (Screen display) : Hot

Overheating Protection(Screen display) : Hot

Anti-Collision Protection : Yes , Adjustable

CM to Inch : Adjustable

Lowest Display Height is Adjustable : Yes

Maximum Height Limit : Adjustable

Leg Quantity : 2

Leg Stage : 2

Motor : 1

Height Range : 700mm-1145mm (include 25mm top)

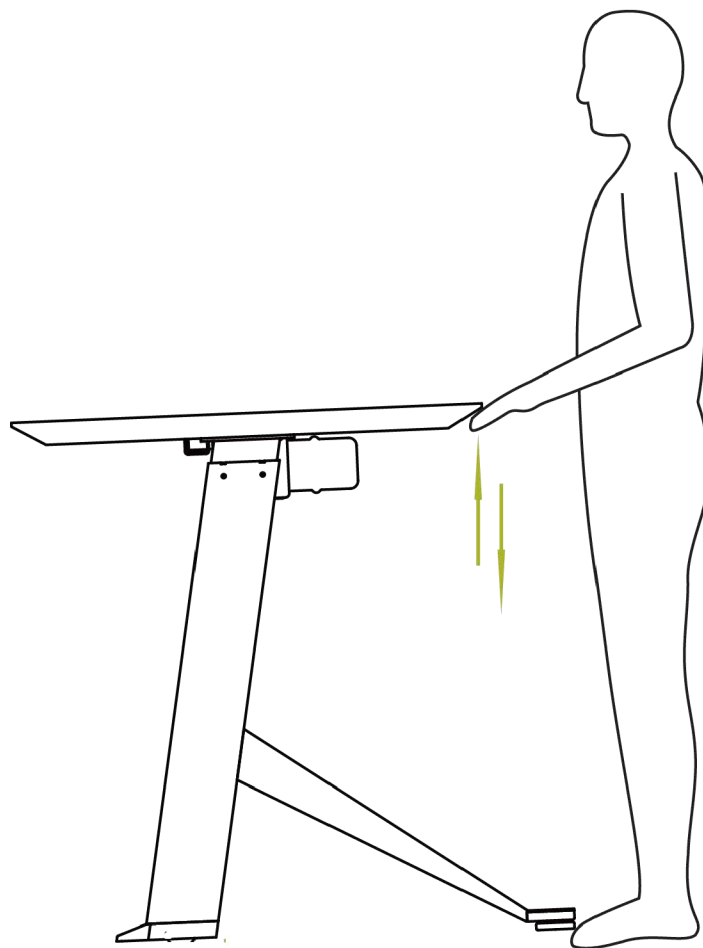

Stroke : 445mm

Speed : 30mm/s

Load Capacity : 80kg

Max Load : 120kg

Options

Leg Size : 90mm*60mm

Tube Thickness : 2mm

Leg Type : Square

Color & Surface : Black White Silver

Top Frame : 1100mm-1600mm (standard)

End Pipe : 600mm (standard) 575mm/475mm

Feet Version : T leg / C leg

Feet Length : 680mm (standard)

Power Type : 90-230V AC

Noise : 43db

Internal limit Switches : Yes

Duty Cycle : Max 10%(2min on 18 min off)

Packing Size : 1080mm*270mm*330mm
